Software Quality HotList

www.soft.com/Institute/HotList

The Software Research Institute maintains a list of links to selected organizations and institutions that support the software quality and software testing area. Organizations and other references are classified by type, by geographic area, and then in alphabetic order within each geographic area. The institute's aim is to bring to one location a complete list of technical, organizational, and related resources.

The Quality Assurance Institute

www.qaiusa.com

The Quality Assurance Institute (QAI) is exclusively dedicated to partnering with

the enterprise-wide information quality profession. QAI is an international organization consisting of member companies in search of effective methods for detection-software quality control and prevention-software quality assurance. QAI provides consulting, education services, and assessments.

Software Technology Support Center

www.stsc.hill.af.mil

The Software Technology Support Center is an Air Force organization established to help other U.S. government organizations identify, evaluate, and adopt technologies to improve the quality of their software products, efficiency in producing them, and their ability to accurately predict the cost and schedule of their delivery.
